TE Connectivity

PCN number **PCN-SZ-240028**
ECR project number **N/A**

PCN Date **21/06/2024**
DD.MM.YYYY

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description

Pressure sensors assembled in TE Sensors China with Country of Origin in the US, Switzerland or Germany

Description of Changes

- 1) Shipping label: "Made in China" removed
 - 2) Part marking: "Made in China" removed
- Please refer to the List of Parts tab for details.

Reason for Changes

It has been determined that TE Sensors produces Pressure Sensor products today with a Country of Origin COO set as China while per US classification, the COO should be based not on where the pressure sensor is assembled (China) but on the source of the wafer (US or Switzerland or Germany). Upon this consideration, TE Sensors made the decision to remove the "Made in China" marking on product labels and marking and update the invoice with the correct COO per regulation.

Products requiring an update of the shipping label or the product marking itself have been identified and can be found in the attached list.

TE Sensors is in the process of modifying the shipping labels, invoice and product marking accordingly. Please refer to the list of products to identify if only the shipping label will be affected or both the shipping label and the product marking.

PCN Approval Deadline: **September 21, 2024**

First Date To Ship (Substitute Parts Only): **October 1, 2024**

Part Number(s) being Obsoleted:

Part Number	Description			**Substitute Part Number	Substitute Description	Comments
N/A						

**Contact your local FAE for product substitution in a different package footprint.
